**RE: N11/N25 Oilgate to Rosslare Harbour Screening for Appropriate Assessment
Ground Investigation Works**

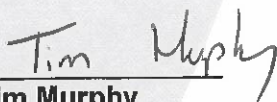

Dear Eamonn

Enclosed is a copy of the "Appropriate Assessment Screening Report" in respect of the proposed Ground Investigation Works for the N11/N25 Oilgate to Rosslare Harbour scheme.

Having considered the above report I recommend approval of the report and seek your approval that Wexford County Council has carried out an Appropriate Assessment (AA) Screening Report prepared by Mott McDonald. They have concluded that a full Appropriate Assessment is not required in respect of these proposed Ground Investigation Works.

Notification of this determination shall be made available to the public on the N11/N25 Oilgate to Rosslare Harbour scheme project website (www.oilgate2rosslareharbour.ie) in accordance with the regulations.

Yours sincerely,

Tim Murphy
